CONTINUED FROM OVERLEAF:

A

B

A) Remove O.E exhaust from bike and remove highlighted rubber bush.

B) Install Scorpion supplied mountings.

C) Attach O.E heatshields to Scorpion link pipes, using O.E fixings.

C

When all the above steps have been completed ensure that all original functions are working correctly, take your bike out for a short journey, upon return allow your bike to cool before rechecking all nuts and bolts.
