Notes	Fits with Scorpion or Original exhaust system	dB Killer	

A) If fitting with a Scorpion Exhaust system use the Bolt Finisher, Washer and Nut from the Exhaust Fitting Kit along with the bolt included in the Foot Rest Delete Fitting Kit. You do not need to use any of the spacers from either fitting kit if fitting with a Scorpion Exhaust.

B) If fitting with the original exhaust system, use the original mounting hardware along with the 20mm spacer supplied with this kit.
