CONTINUED FROM OVERLEAF:

A) Remove original exhaust from bike, taking care to keep all original components in a safe place.

B) Refit Scorpion exhaust as per line diagram above.

C) When fitted take bike for a short ride to ensure all functions are correct.

D) When bike & exhaust are cool enough check all nuts and bolts are still secure.

E) Please make sure that the bracket is in this position and the split pin is fitted as picture shows.
